- Crime and Peace in ANC 2C. Captain Jonathan Dorrough, Metropolitan Police Department (MPD), ([jonathan.dorrough@dc.gov](mailto:jonathan.dorrough@dc.gov)), 202.903.4123, shared that violent crime in the First District is down 40-60 percent. His team is working hard on thefts from autos and they are seeing a double-digit decrease in this crime from the prior year. With warmer weather violent crime is slightly up, but overall still lower than the prior year. Captain Dorrough stated they are seeing a lot of cellphone snatches. The MPD is asking citizens to be streetwise and aware of your surroundings, and to not leave electronics and valuables in automobiles.

Captain Dorrough discussed various ways citizens can track neighborhood crime including: receiving the First District crime emails from the Yahoo listserve, which publishes a daily list of all crimes and arrests; following city-wide press releases; and going to the [dc crime map](http://dc.crime.map) (<http://crimemap.dc.gov/>) to review more information.

There is a major deployment of MPD officers in Chinatown including school enforcement officers. Citizens should call 911 if they see anything suspicious or wish to report unusual activities, including loud noise issues after 10:00 PM.

Commission Tinpe discussed the ongoing noise issues in the Chinatown area and suggested that DCRA visit the location with a noise meter to evaluate the area.

The first meeting will be on April 19. Several business and community partners have signed up to join the neighborhood watch program.

### District of Columbia Department of Transportation (DDOT)

Frank Pinto ([fpinto@ccorpusa.com](mailto:fpinto@ccorpusa.com)) of The Meridian Group and Larry Sefcik ([lesefcik@wellsandassociates.com](mailto:lesefcik@wellsandassociates.com)) of Wells and Associates discussed the building renovations that will begin in mid-May. This is a 23 month project. There are four phases of construction along K Street and the plan reflects DDOTs request to only use the parking lanes, and not the traffic lanes, for construction purposes. Pedestrian traffic will be maintained along the construction site, with the exception of a four-month period.

Commissioner Tinpe asked for clarification on the address and questioned if the bus stop on the south side will be affected. Frank and Lee discussed that they are submitting an application for an address change; and that WMATA wanted the bus stop relocated to the opposite side where the Circulator stops.

Commissioner Tinpe asked how the traffic patterns will be different and Rebecca outlined the new flow of traffic in the neighborhood.

Commissioner Wilsey stated that history is constantly happening. While the gardens do have significance, he is not sure that designating the gardens as a historic district is going to accomplish a great deal.

Commissioner Tinpe stated that the ANC would be overreaching to make a decision about historic preservation on federal property therefore, the Commissioners are not going to make a decision and will pass.
